REMEMBER

Term 3 reports issued: Friday, 9 October

Term 4: Wednesday, 7 October - Friday 4 December

Open House: Friday, 23 October

Foundation Phase Graduation Celebration: Wed, 18 Nov

Extra-mural Prize-giving events: Dates TBA

December Holiday Club: 7 - 11 December

Term 3 Reflections

This term, our celebration of culture and heritage reminded us of something very important: We all come from somewhere, we all have a story to share, and we all belong to a community.

At Capriccio, we believe that being part of a community means more than simply being together. It means supporting one another, celebrating our differences, creating connections and being there for our families. These values were at the heart of our Term 3 Showcase, Where We Belong – A Celebration of Culture, Heritage & Community.

A VERY SPECIAL ACHIEVEMENT

Our Showcase was a very special achievement — perhaps most importantly for our learners. Many of our children stepped outside their comfort zones and embraced the opportunity to perform.

Some of our quieter learners found the courage to use their voices in front of an audience, while some of our older learners took on dialogue, characters and microphones — all of which can feel like a very big step!

What made us especially proud was seeing how much the children enjoyed themselves. They laughed, performed, supported one another and truly became part of the celebration. Our parents and families joined in the fun, understood the humour and celebrated the children with us. And perhaps the best indication of how much they enjoyed it came the very next morning, when we were asked:

“When are we doing it again?” ❤️

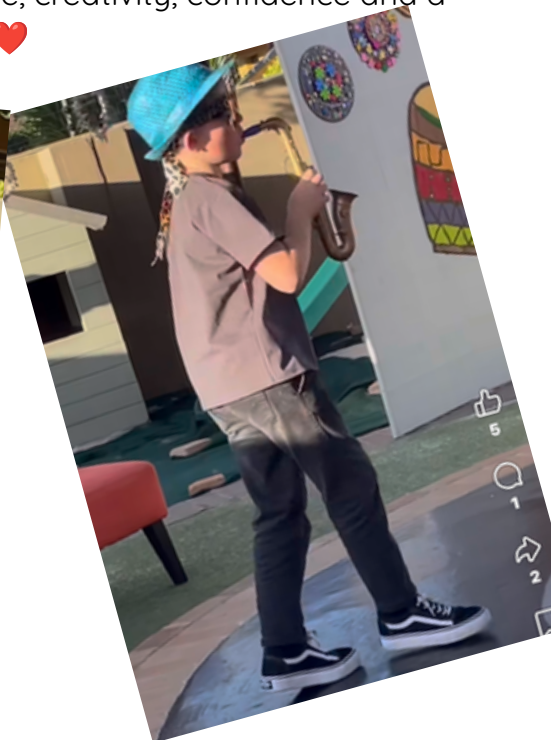

THANK YOU

A heartfelt thank you goes to our wonderful parents and families for supporting the Showcase. From sourcing special outfits to making costumes and finding all those little finishing touches, so much time and effort went into helping the children bring their characters to life.

We would also like to extend our sincere thanks to our dedicated teachers, who worked tirelessly behind the scenes — preparing, practising, creating, organising and encouraging the children throughout the term.

It truly was a team effort, and we are incredibly proud of what our school community achieved together.

Most of all, we are proud of our learners. They showed courage, creativity, confidence and a wonderful sense of belonging. 🌱❤️

CELEBRATING THE WONDER OF SCIENCE AND THE JOY OF STORIES & ART

August was Science Month - a hands-on journey of discovery, curiosity and 'aha!' moments for every learner. From erupting volcanoes to bubbling lava lamps, our little scientists have been mixing, fizzing and marvelling at science in action!

We celebrated Literacy Month in September, which brought plenty of creativity, imagination and fun to our classrooms! Our Foundation Phase learners became little poets, writing and sharing their very own poems and discovering the joy of expressing themselves through words.

Our Junior and Senior classes enjoyed exploring the wonderful world of Eric Carle, using his colourful stories and distinctive artwork to inspire their own creative classroom activities.

We also celebrated South African artist Portchie, whose vibrant colours and joyful artwork transformed our school environment. His beautiful use of colour inspired our learners and brought a wonderful sense of energy and creativity to our classrooms and walls. It was wonderful to see literacy, art and imagination come together, reminding us that learning can be just as colourful and creative as the children themselves.

LOOKING AHEAD TO TERM 4

As we look ahead to our final term of the year, we are very excited to host our final and very special school events — our Open House, our Foundation Phase Graduation and Extra-mural Prize-givings.

Both occasions are important milestones in our school calendar, and we look forward to celebrating the children and their achievements with our families. More details regarding these two special events will be shared with parents closer to the time.

Although Term 4 is a shorter term, we will continue to place a strong focus on academics and learning. Our aim is to support each learner in consolidating their skills, building on what they have learnt throughout the year and finishing the year with confidence and a strong sense of achievement.

We look forward to a wonderful final term as we encourage our learners to keep working hard, growing, exploring and discovering — so that all their hard work throughout the year can truly bear fruit.
